

7 Tips to Prevent Litter

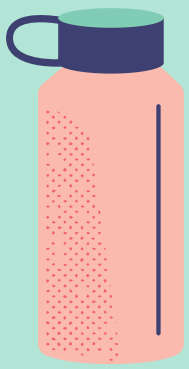

Cover It

Secure your trash can with a lid and make sure your bag is securely tied shut.

Bag It

Use reusable bags when shopping for groceries, clothes, etc.

Bottle It

Drink tap water in a reusable bottle when on the go.

Butt Out

Use an ashtray so cigarette butts don't reach waterways.

Reuse It

Use reusable mugs, tableware, packing material, and gift wrap whenever possible.

Remove It

Remove litter before it has a chance to enter our waterways.

Leave No Trace

Whenever outside in a natural space, take everything you brought with you as you leave.
